

## DID YOU KNOW?

By completing the 60 hour Montana Infant Toddler Caregiver Education course and the 60 hour Preschool Teacher Education Course that lead to a Montana certificate, you have completed your training requirement for the national Child Development Associate (CDA) credential?

Contact the MT Early Childhood Project at 1.800.213.6310 or your local Child Care Resource & Referral Agency for more information on the breakdown of hours from the Certified Infant Toddler Caregiver Education course and the Preschool Teacher Education Course.

In addition to completing the required training, there are other steps of the process you will need to complete before you apply for assessment to the Council for Professional Recognition in Washington, D.C.

For more information on the CDA Credential, and the criteria to be eligible for an assessment, go to [www.cdacouncil.org](http://www.cdacouncil.org) or read the Early Childhood Project CDA Info Sheet at <http://www.mtecp.org/pdfs/Info%20Sheets/Info%20Sheet%20CDA.pdf>.
